ABOUT GITAM

DEEMED
TO BE UNIVERSITY

27000+

Students from various states

1800+

Faculty with 60+% PhD from top 100 Universities

GITAM Deemed to be University, established in 1980, envisions a future empowered by knowledge and positive change. Its 12 schools, spread across 4 multidisciplinary applied learning and research campuses in Bengaluru, Hyderabad, and Visakhapatnam, pulsate with the shared mission of making a tangible difference through exceptional, knowledge-driven education.

As a leading institution, it continuously strives to introduce pioneering programs, facilitate ground-breaking inventions and discoveries, and promote innovative teaching and learning methodologies.

ABOUT GSA

ESTABLISHED IN 2011

Bachelor of Architecture (B.Arch.) | 2011-12 | Intake 80

M. Arch (Sustainable Architecture) | 2017-18 | Intake 20

GSA ENVISIONS

to be an architecture school of excellence driven by **culture**, **context**, and **compassion** for building inclusive and agile human habitats.

GSA MISSION

- **Foster** a progressive learning environment by promoting critical thinking for designing context-specific built environments.
- **Impart** multidisciplinary research aptitude through a curriculum based on social responsibility, sustainable built environment, cultural context, and evolving technologies.
- **Nurture** valuable futures by providing exposure to best practices across the world.
- **Sensitize** students to universal human values through a culture of empathy and ethics in articulating spaces.

From the Desk of the

DEAN & DIRECTOR

We are committed to delivering architecture education of global standards through reflective teaching and research. Architects are not merely designers of buildings; they are the creators of spaces that shape our world. With this vision at the core of our institution, we aim to empower visionary minds eager to redefine spaces and inspire curiosity in the next generation
of architects.

Prof. Dr. Vibhuti Sachdev

Dean, School of Architecture
GITAM Deemed to be University

OUR FACULTY

The faculty cohort at GITAM School of Architecture represents a wide range of experiences, interests, academic prowess and research profile. Most of the team hold a Masters level degree/PhD or equivalent from reputed institutions like NITs, IITs, SPAs etc. and from international institutions in the UK, USA, Japan etc. Their dedication and experience ensures that the students get the right guidance and understand the domain well.

GRADUATES' PROFILE

GRADUATING BATCH | 2026

The Graduating Batch of 2025–2026 has grown into a dynamic group of aspiring architects, mastering design thinking, technical expertise, and creative problem-solving. Over the years, they have honed their skills in architectural design, sustainable planning, and creativity. Proficient in industry-standard software like AutoCAD, Revit, Rhino, SketchUp, and more, they seamlessly blend technology with innovation. Beyond software, they excel in teamwork, critical thinking, and project management, ready to shape the built environment with visionary ideas and sustainable solutions. From GSA, the future of architecture looks promising.

GRADUATES' PROFILE

Likhitashri S.

Domain: Interior Design
Proficiency: Auto-Cad, Sketchup, Revit, Photoshop, Enscape

Photography enhances my creative vision and spatial understanding, influencing my architectural perspective and design approach.

Katcharala Ananya

Domain: Interior Design, Landscape architecture
Proficiency: AutoCAD, SketchUp, Revit

I enjoy reading, movies, and gardening, and I'm drawn to contextually rooted, earthy architecture with arches, vaults, and filler slabs.

Sindu Sree Seerapu

Domain: Interior Design, Company Branding, Marketing
Proficiency: AutoCAD, Sketch-up,D5

I design for comfort, sustainability, and meaning, exploring advanced techniques to enhance human experience within spaces.

Ankitha Thotakura

Domain: Hospitality;Company Branding
Proficiency: AutoCAD, SketchUp, Photoshop

I'm drawn to experiential design, creating spaces that evoke emotion, tell stories, and connect people through form, material, and light..

Maddali Keerti Naga Tanmayi

Domain: Interior Design, Landscape architecture, Planning, Hospitality
Proficiency: AutoCAD, SketchUp, Photoshop, InDesign, Revit, Lumion

I explore the relationship between culture, movement, and space to design architecture that evokes experiential narratives.

Sai Nidhisha Jangati

Domain: Residential, Commercial; Interior Design; Urban Design, Planning; Hospitality
Proficiency: Auto-Cad, Sketchup, Photoshop, Lumion, MS Office, Canva

I design with a user-oriented and innovative mindset, blending traditional sketching and digital techniques to communicate concepts clearly.

Parvathi Bhavana Penmatsa

Domain: Architectural Design, Interior Design
Proficiency: AutoCAD, SketchUp,, Enscape

I'm interested in contemporary architecture infused with traditional elements, creating minimal, balanced designs that blend modernity with cultural essence

GRADUATES' PROFILE

Veeravalli Satya Prakash

Domain: Landscape, Product Design,
Proficiency: AutoCAD, SketchUp, Photoshop, Rhino

Driven by creativity, I blend modern and vernacular styles to design sustainable, contextual, and user-focused spaces with harmony.

SUDEEPTI VAMBARA

Domain: Residential, Commercial
Proficiency: AutoCAD, Sketchup, Photoshop, Twinmotion

I've keen eye on functional, context-responsive, and sustainable design that shapes human experiences while engaging with the environment.

Gurjot Singh Gabby

Domain: Construction Management, Urban Design
Proficiency: Auto-Cad, Photoshop, Sketchup, Lumion, Revit, MS Office

I view architecture as shaping human experiences and communities while respecting cultural and environmental contexts through collaboration.

Garuda Sri Krishna Varshini

Domain: Interior Design, Construction
Proficiency: AutoCAD, SketchUp, Photoshop, Revit

I'm passionate about blending contemporary design with contextual sensitivity, emphasizing simplicity, functionality, natural materials, and meaningful spatial experiences.

RUDANI AYUSH RAJESH

Domain: Interior Design, Commercial, Landscape
Proficiency: AutoCAD, Sketchup, Rhino, Revit, InDesign

With a love for reading and attention to technical details, I thrive in challenging situations by staying calm and focus.

Sai Lakshmi Asha Manasa G

Domain: Architecture, Interior Design
Proficiency: AutoCAD, SketchUp, Revit, Photoshop

I am interested in sustainable design and like to work with natural elements and passive cooling techniques.

Shaik Amaan Mahamood Sharief

Domain: Residential, Commercial, Interior Design
Proficiency: AutoCAD, SketchUp, D5

I am interested in interior designing. I like designing in modern style.

GRADUATES' PROFILE

G Chetan

Domain: Interior Design, and Commercial.
Proficiency: AutoCAD, Sketch Up, Photoshop

I'm passionate about 3D modeling and rendering, visualizing and refining architectural spaces before they are built.

Manindra Naidu Gorle

Domain: Residential, Commercial, **Proficiency**: AutoCAD, SketchUp, D5

I am interested in sustainable architecture , with style blending modern fusion , nature , and purposeful creativity

Rayapureddy Navya Praneetha

Domain: Construction Management, Landscape architecture
Proficiency: AutoCAD, SketchUp, Enscape, D5, Photoshop

I design minimal, functional spaces that harmonize architecture and landscape to foster emotional and physical well-being.

Kurra Srilekha

Domain: Construction Management, Urban Design, Commercial
Proficiency: AutoCAD, Sketchup, Lumion, Rhino

I'm driven by curiosity for sustainable, community-centered design, eager to apply my skills in collaborative, inspiring environments.

Killamsetty Giridhar

Domain: Urban Design, Landscape

Proficiency: AutoCAD, SketchUp, Enscape, D5, Photoshop, Revit

I enjoy integrating urban design and construction details, ensuring precision from micro to macro levels in every project.

Nikithasri

Domain: Interior Design, Residential, Landscape and Construction Management
Proficiency: Auto-Cad , Sketchup , Revit , D5 Render

I design with a user-centric approach, merging observation, innovation, and mixed media to express architectural ideas effectively.

Pantra G Kriishna

Domain: Product design, Interior, Landscape
Proficiency: AutoCAD, SketchUp, Illustrator, Twin Motion, Rhino

My strengths include strong 3D visualization skills, creative concept development, and proficiency in detailed physical and digital model making.

STUDENTS' TESTIMONIALS

"GITAM School of Architecture? It's part design school, part therapy session, and part caffeine cult. We built models, broke models, and sometimes ourselves- but always bounced back with flair. I didn't just study architecture- I lived it, performed it, and occasionally danced through it. It's chaotic, creative, and completely unforgettable. Wouldn't trade those sleepless nights for anything."

Tanmayi

"GSA has been the foundation of my creative evolution — where design became a tool to serve communities and celebrate culture. Every studio, site, and critique strengthened my vision of architecture as a bridge between tradition and progress, inspiring me. Each part strengthened my creativity, collaboration, and problem-solving skills, shaping me into a person who values people, place, and purpose in every creation. So overall it was being a founding and grateful experience for my own self."

Gurjot

Giridhar

"GSA has changed me over the past four years by transforming, blending creativity with technical knowledge. Where in the college i fostered my growth through inspiring faculty, collaborative studios,hands-on experiences and real-world exposure. These experiences shaped my confidence, skills, and passion, preparing me strongly for my future and beyond."

Ankitha

"Studying at GITAM School of Architecture has been an inspiring adventure that challenged and shaped me in countless ways. The faculty provided constant guidance and encouragement, helping me discover my strengths and refine my design approach. What I truly value is the department's continuous support for sports and extracurricular activities, which fostered a healthy balance between academics and personal growth. GSA has not only shaped my professional skills but also helped me evolve into a confident, creative, and well-rounded individual."
